“For me being part of CAPC is not only about the impact we have on our individuals but that lasting footprint they to leave on us. To watch Gabriel go from a very reserved person to some one who initiates conversation with both peers and staff is what being part of CAPC is all about. I am look forward to continuing my support here at CAPC for this coming 2025.”

-Laura L., DSP

“I like being a part of CAPC because they helped me become more independent. I have good staff and case manager. CAPC helped me get a IHSS worker and helped me get my access card. It’s nice to have someone to trust and depend on. I’m looking forward with CAPC to participate more and to do more outings with the girls.”

VONS

"I love working at Vons. I've been there 17 years and all the customers love me. I gather carts, clean up areas, sweep, and bag groceries. I love people and I have a big heart, everyone always looks for me. I'm friendly and if you have a question about where something is I'm the one to direct you. CAPC is awesome with the support they give me, they always look out for me."

-Janice F., Consumer
